

IGNATIANT SPIRITUALITY PROJECT'S *Magis Partners Program*

ABOUT ISP

From the seeds of our first retreat in Chicago in 1998 for a dozen men, ISP has grown and blossomed into a thriving movement. Today, in 20+ cities across the U.S., Canada, and Ireland, we continue to invite **people recovering from homelessness and addiction to encounter God's love, hope and healing through spiritual companionship that transforms lives.**

JOIN US!

So many find themselves trapped in homelessness and addiction. In response to the growing need in our communities, ISP is launching a bold vision for growth to help ISP to more than double our impact over the next three years. **In our 25th year, ISP is on track to offer 10,000 experiences of love, hope and healing to those seeking to recover and rebuild their lives.**

Together, we are a powerful community lighting the path for those seeking hope and healing in their recovery. With your commitment, we can change even more lives.
